Simple payment acceptance —
right from a smartphone or tablet.

Your customers are on the move: Your payment acceptance options should be on the move, too. Kineticpay™ is a full suite of solutions that enable you to expand your payment acceptance options, business mobility range and your customer base.

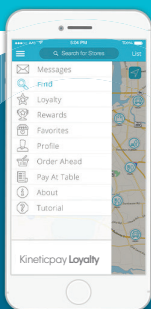

KINETICPAY SUITE

With **Kineticpay**, Merchants can replace bulky, expensive payment equipment with streamlined mobile, tablet and terminal products that accept credit, debit, and gift card payments anytime, anywhere. Kineticpay is a full suite of mobile payment solutions designed to increase a merchant's payment acceptance range while creating a progressive experience for their consumers - all with the flexibility to meet individual business needs and budgets.

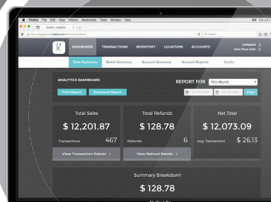

Pay at the Counter Associates accept payment at traditional counter locations using **Kineticpay POS**.

Pay Anywhere Accept payment at the table, in the aisle, during delivery or anywhere offsite using **Kineticpay Mobile**.

Order and Pay Ahead Customers place and pay for orders ahead of restaurant or store pick up using **Kineticpay Loyalty**.

Manage Business Easily manage inventory, menus, accounts, terminals, transactions, and funds from the office or home using the **Kineticpay Portal**.
